Supply and Demand

- Economics 101 – increasing demand for fuel in winter, coupled with diminished supply = high prices
- *I'm not an economist and we all know economists were created to make weather forecasters look good. Rupert Murdoch*

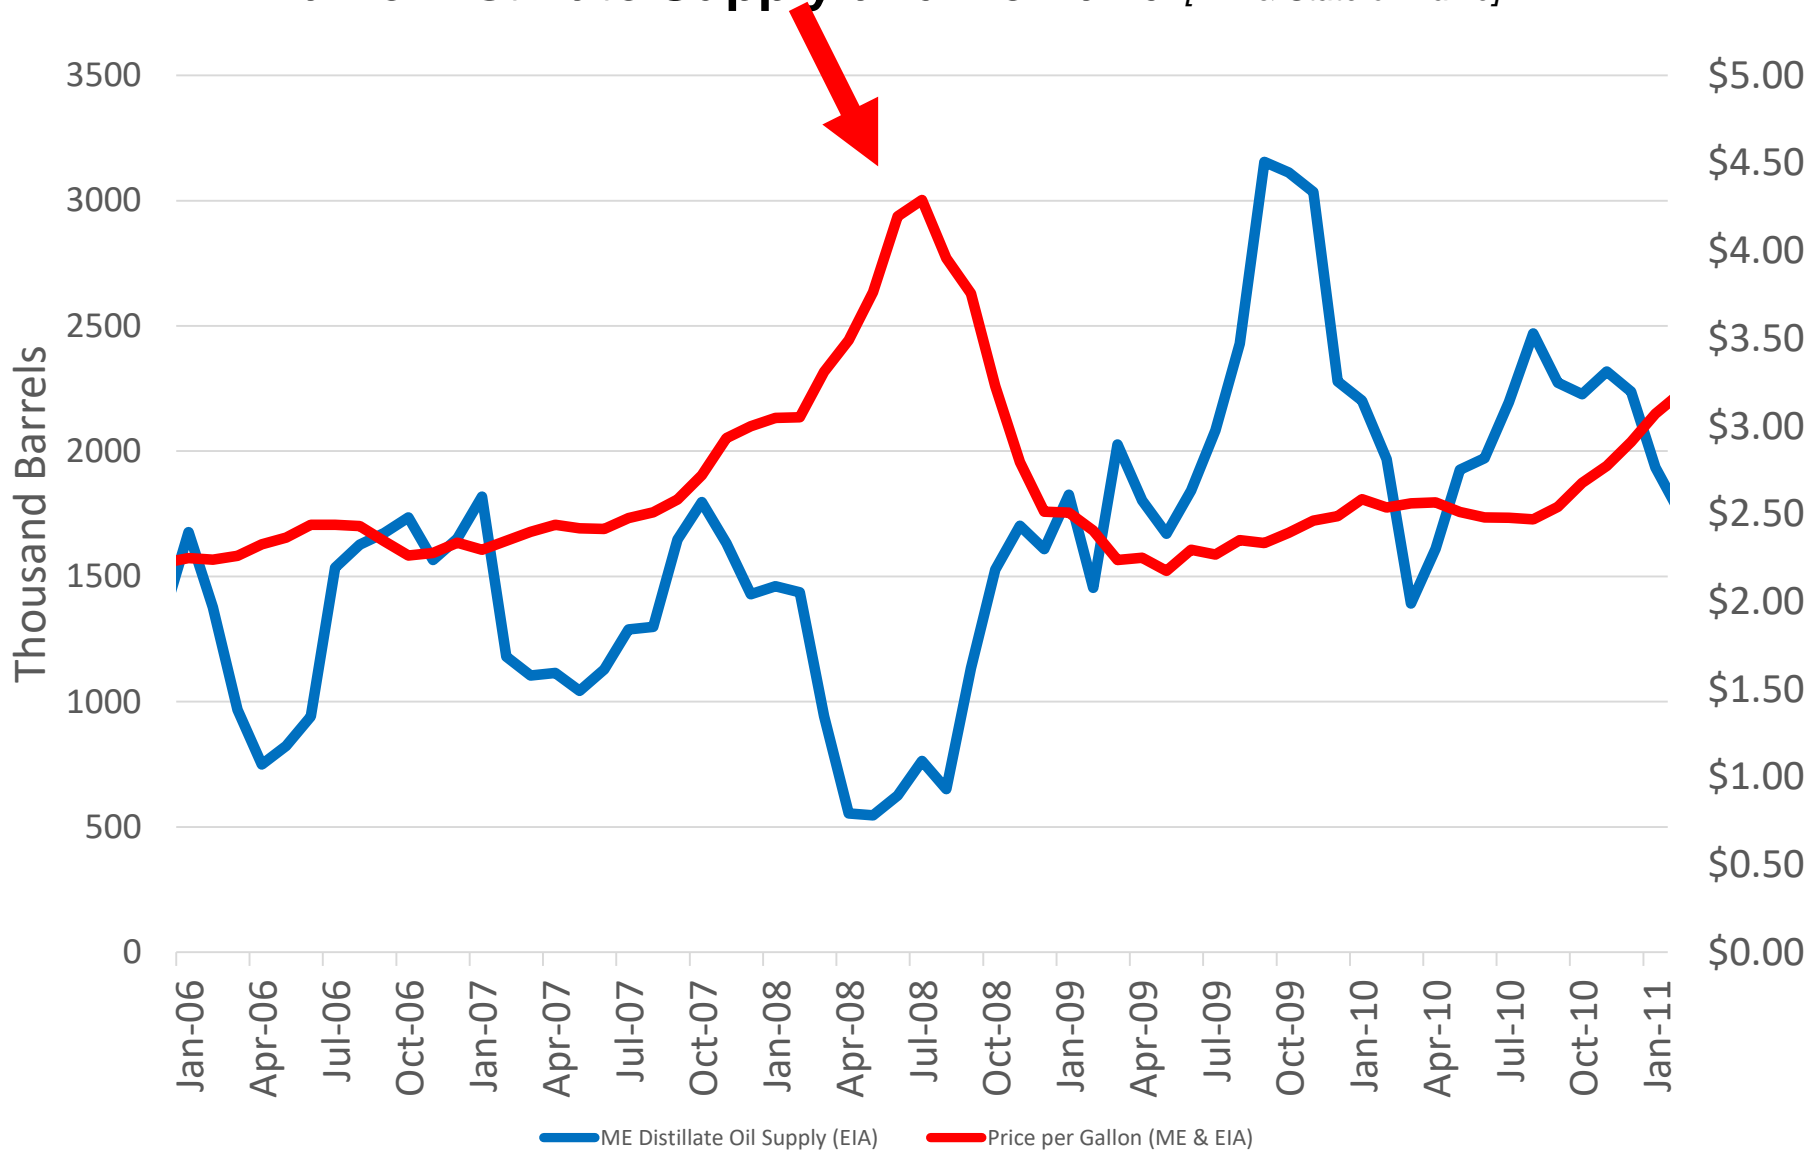

Natural Gas in January

The New England States Committee on Electricity | NATURAL GAS INFRASTRUCTURE AND ELECTRIC GENERATION

Heating Oil – July 2008

Maine Distillate Supply and Demand *[EIA & State of Maine]*

Propane – February 2014

Propane Supply and Demand Winter 2013-2014 [EIA]
