

## General Information

Available through the U.S. Department of Labor's Employment and Training Administration HI-B Jobs Accelerator Grant Program, MIIA provides training and paid internships in renewable energy aviation/aerospace, composites/advanced materials, and biotechnology fields.

Participants take part in pre-employment training and paid internships. Internships provide an opportunity to assess skill level, mechanical aptitude and cultural "fit" within a workplace setting prior to formal hire.

This project is funded through a grant awarded to Coastal Counties Workforce, Inc., by the U.S. Dept. of Labor's Employment and Training Administration under an HI-B Jobs Accelerator Grant.

## Our Grant Partners...

## Workforce Solutions Centers

- A Partner of the CareerCenter Network
