

Cleantech Navigate Northeast Maine Startup & Create Week

June 19, 2014

Who We Are

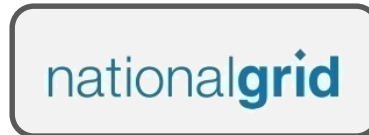

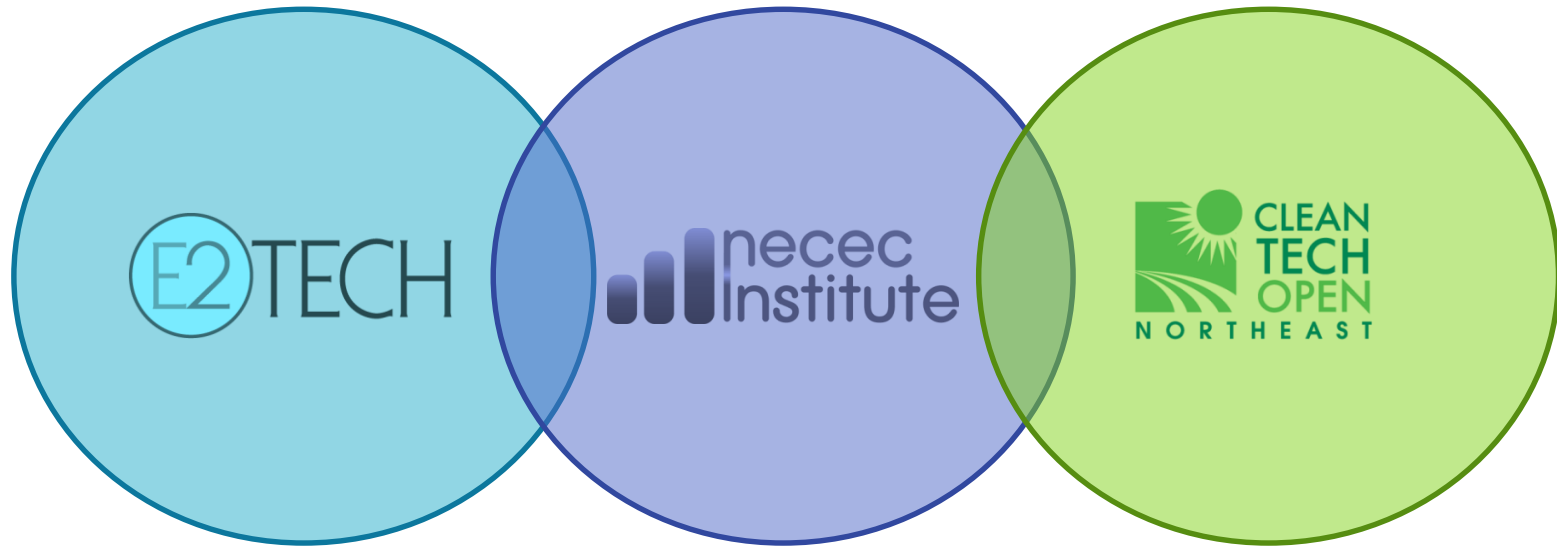

Regional business association representing investors and clean energy companies throughout New England and supporting entrepreneurs throughout Northeast.

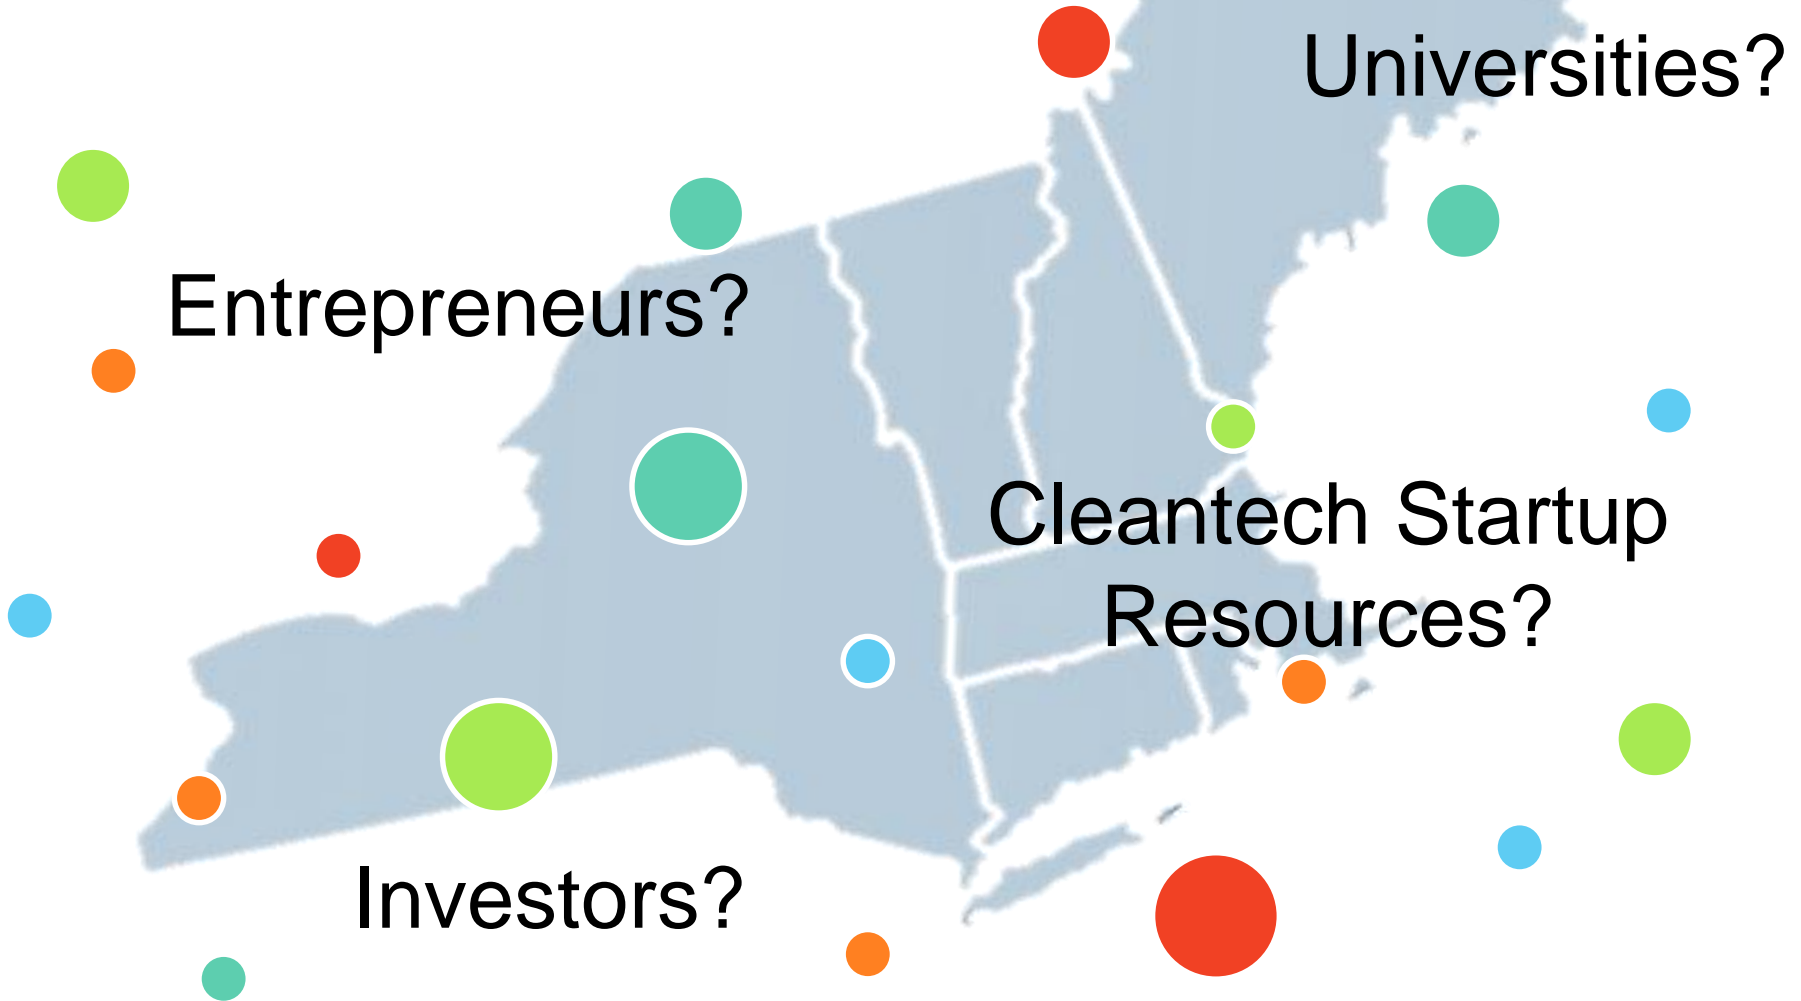

Northeast Division of the world's oldest and largest cleantech start-up accelerator program, providing mentorship and entrepreneurship through annual competition

Maine's primary cleantech cluster organization. Seeks to build and expand the State's environmental, energy, and clean technology sectors. Acts as a catalyst to stimulate growth in this sector by facilitating networking, serving as a clearinghouse for objective information, and leading efforts to promote the sector.

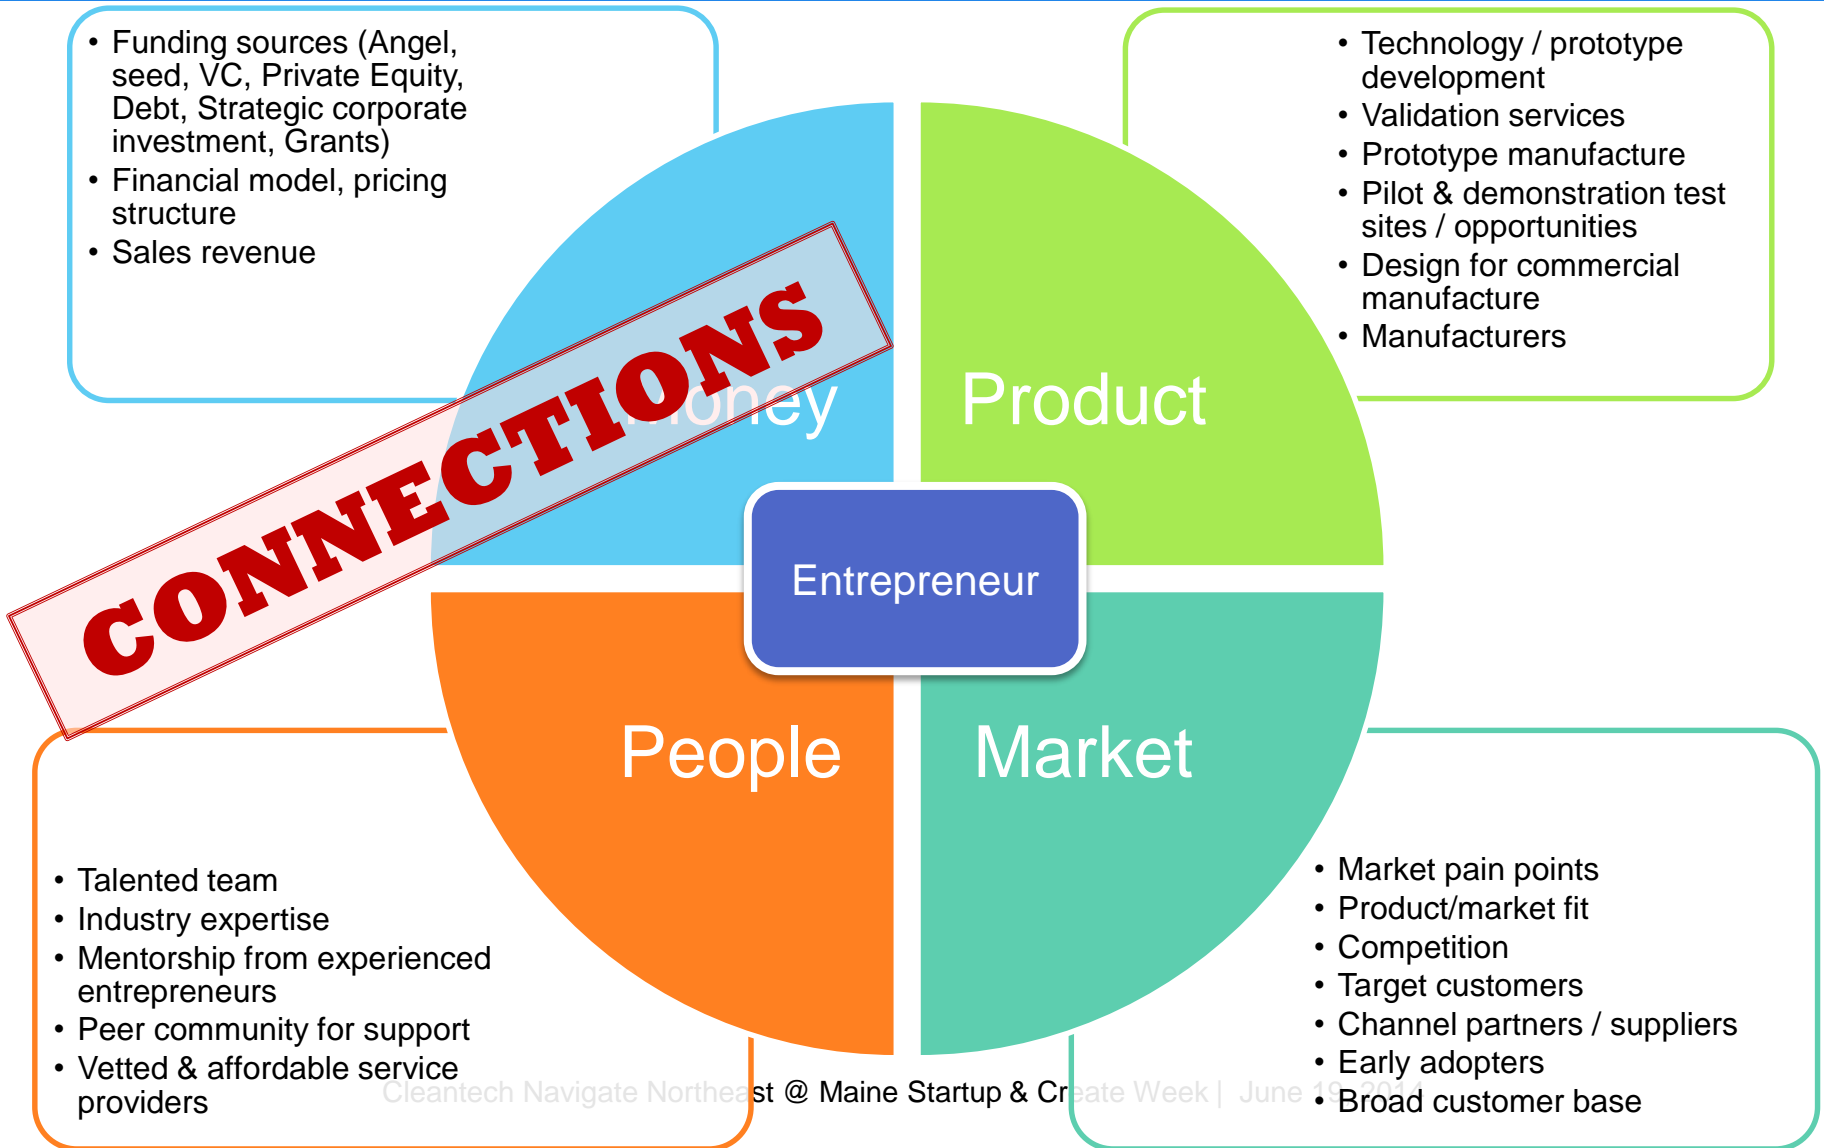

Who We Are

Who are you?

What entrepreneurs need to survive and thrive as their companies develop

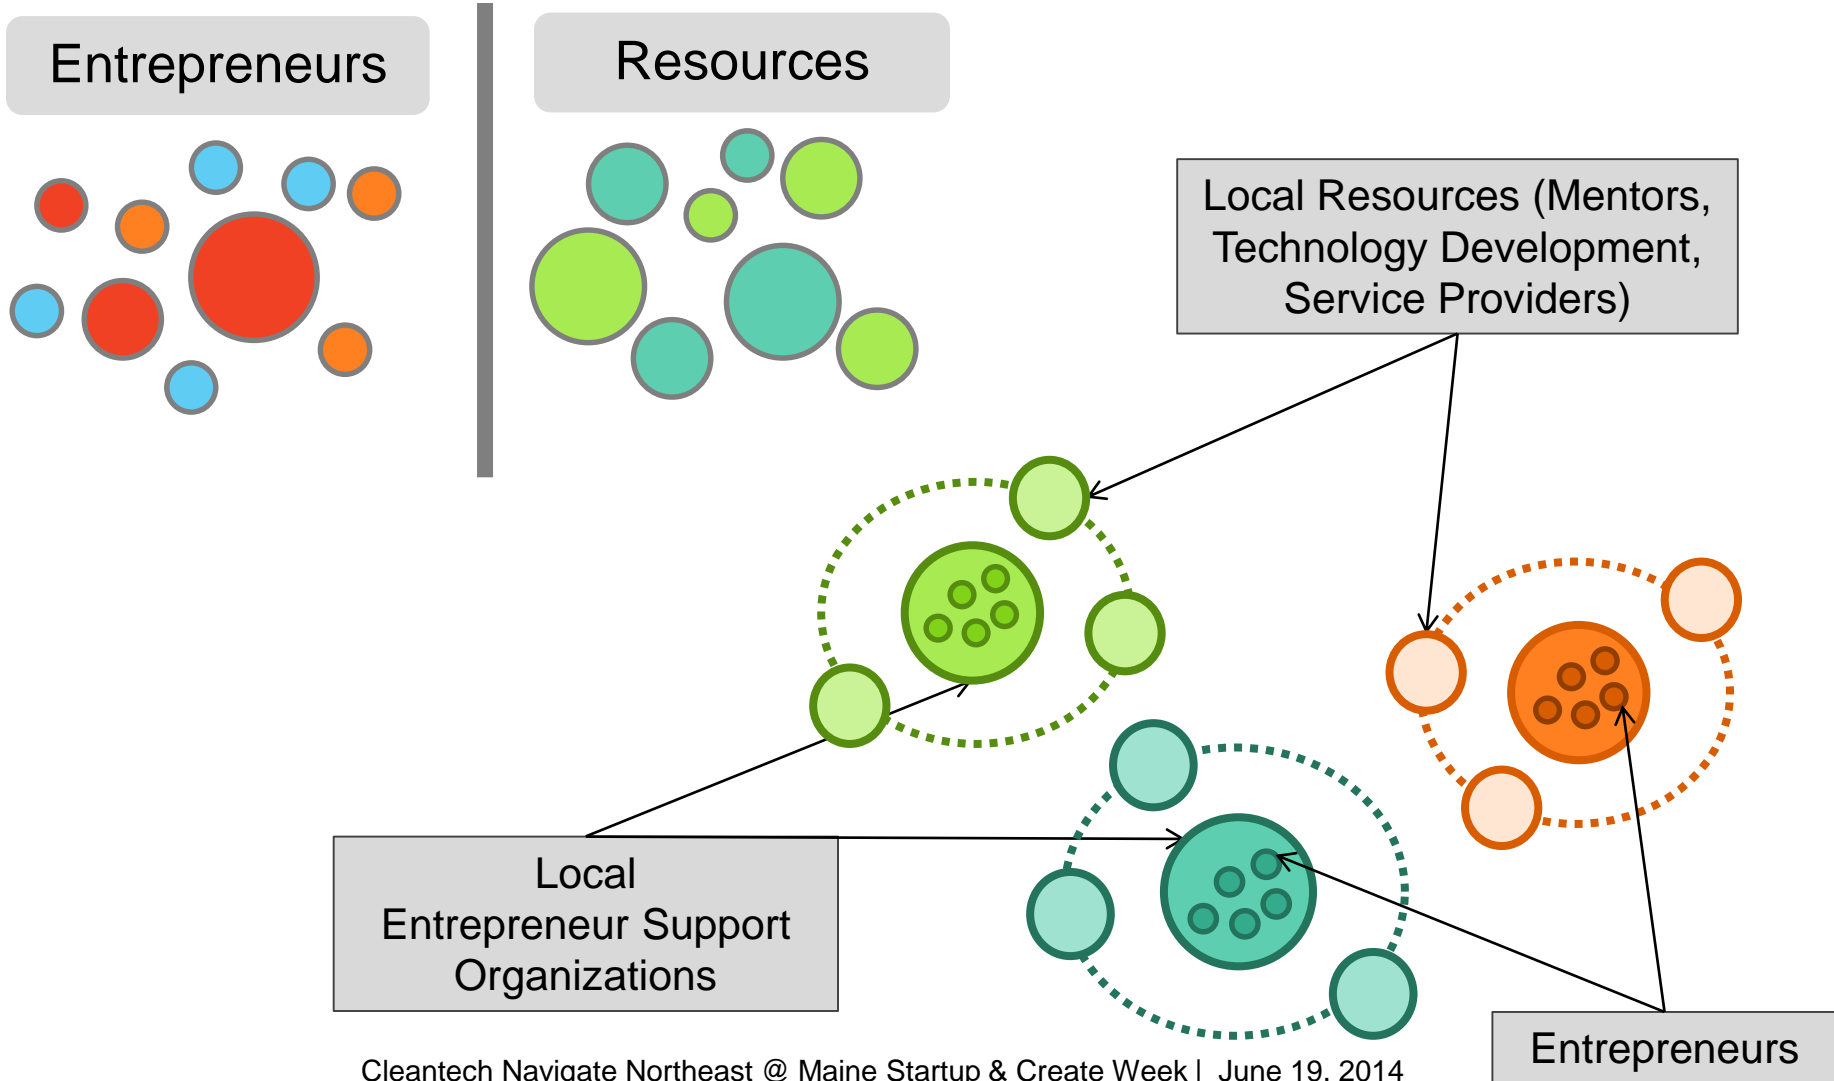

Fortunately...

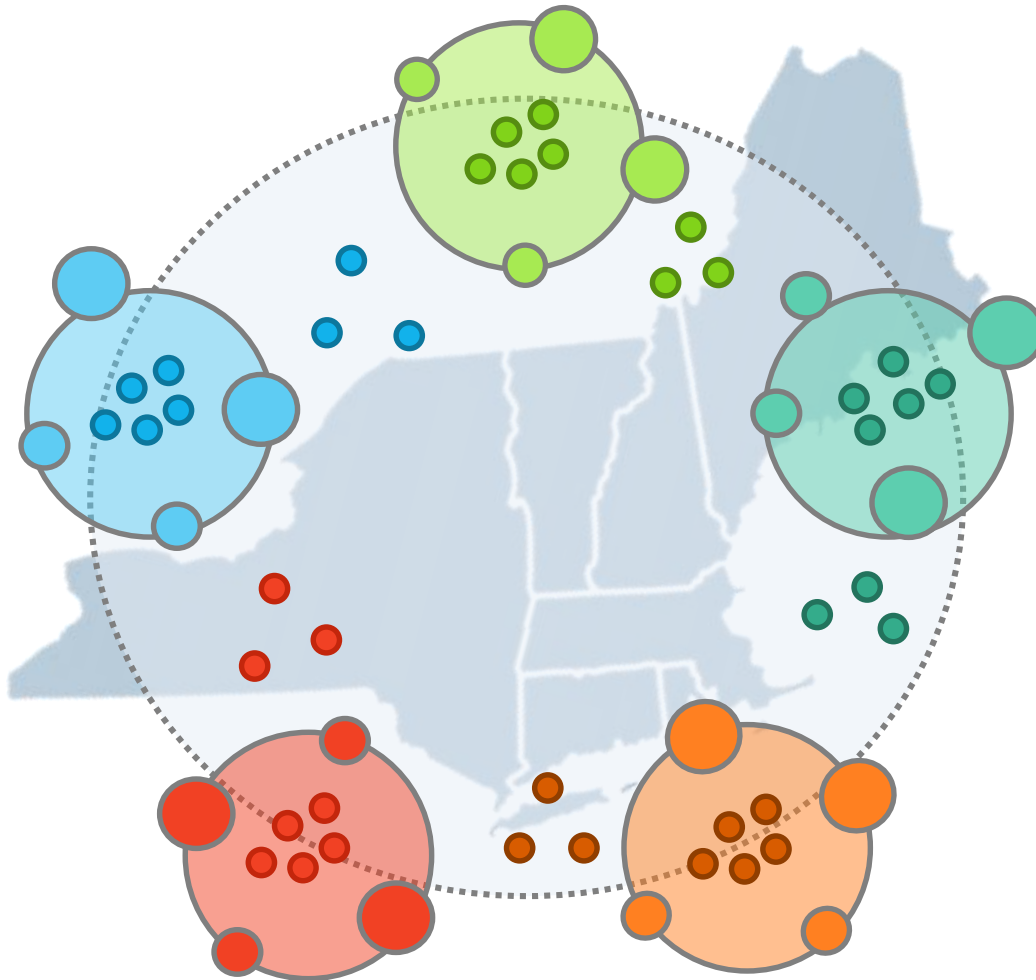

The Northeast is a region bustling with a plethora of brilliant people and valuable resources that entrepreneurs can leverage to accelerate their companies successful development and growth...

Unfortunately...

What is needed?

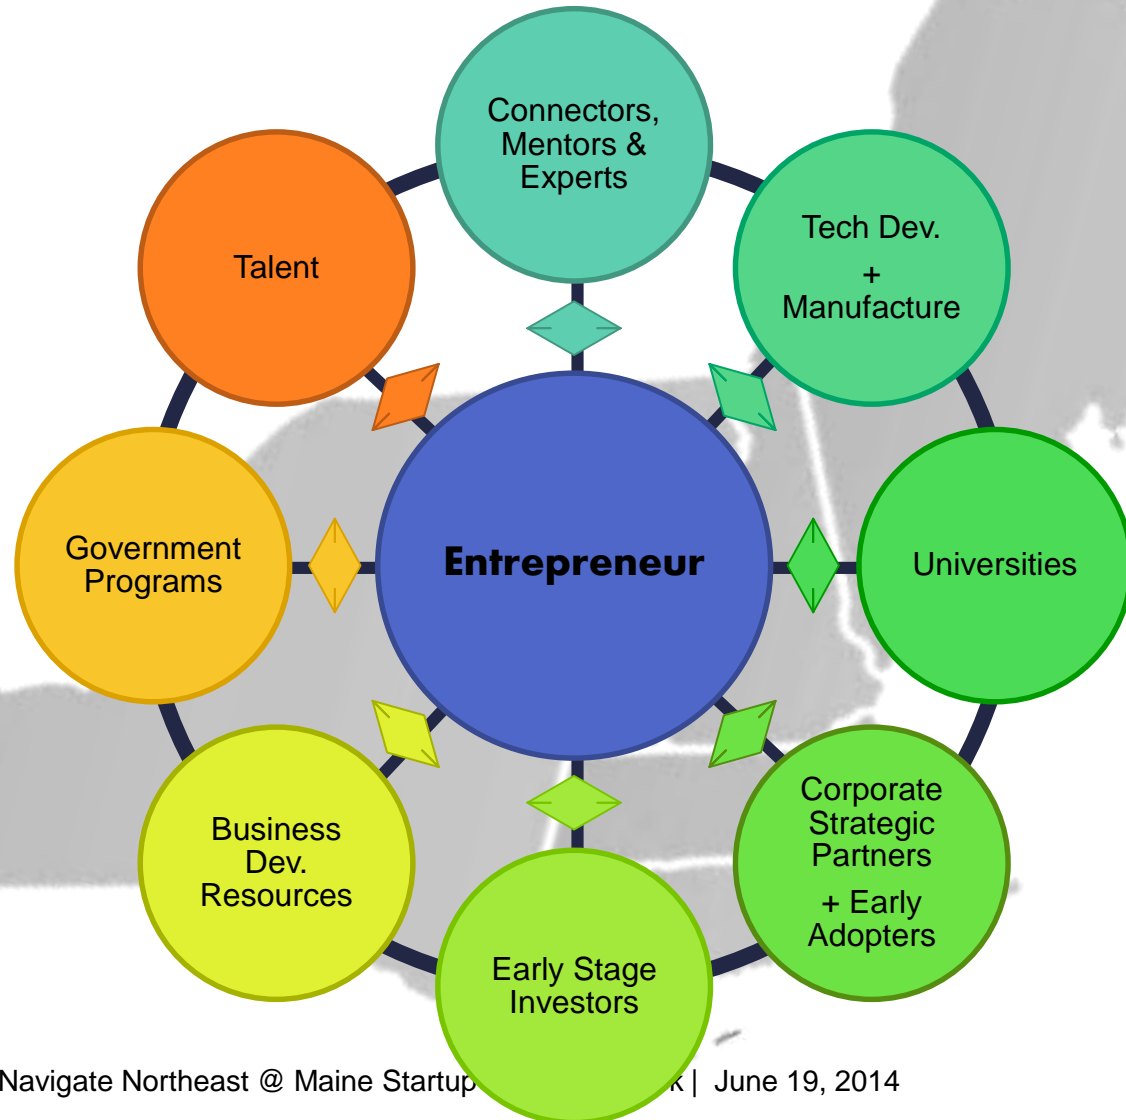

Regional One-Stop-Shop

Entrepreneurs and local support organizations need a guide to the full breadth of support that our region has to offer...and a year-round connector to provide tailored access to the right regional resources at the right time during varying stages of development.

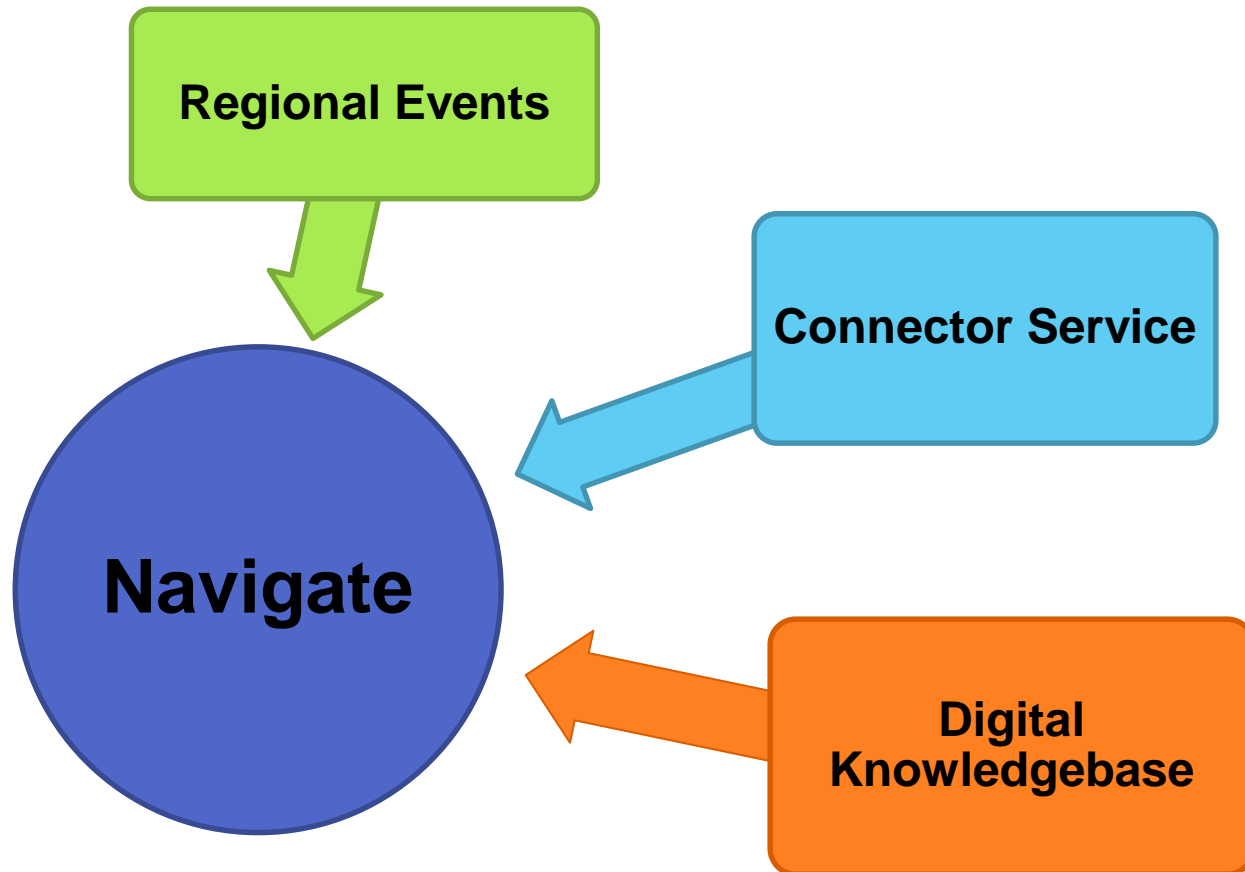

Navigate

A Powerful and Connected Regional Resource Network of Entrepreneurs & their Supporters

Our Vision:
The Northeast is the best and easiest place to start and grow a cleantech business.

For Maine, Navigate means...

- Bring together key Maine stakeholders around Maine strengths and needs
- Give homegrown entrepreneurs streamlined access to a diverse network of regional resources. More of what they need: funders, partners, customers and talent
- Showcase local assets to the regional cleantech innovation & entrepreneurship community – demonstrate the leadership of the state
- Share best practices with leading cleantech entrepreneur organizations from across the region
